## **Terry Wunderlich, Helping to Re Build New Orleans**

Napa Valley, December 27, 2006 – Terry Wunderlich, sales associate in the Pacific Union GMAC Real Estate Napa Valley office attended the National Association of Realtors Conferences in New Orleans to help Re Build with her associates. She spent her time rebuilding homes in an area that needed much help. She spent over a week in the area working to make a better environment for families with children. “It was very touching what I witnessed, we have no idea!”

As a trusted advisor, skilled negotiator and expert facilitator, Terry is raising the bar for excellence in customer satisfaction and commitment to excellence. Terry has over twenty-five years helping to build the neighborhoods of the Napa Valley. As a leader in the real estate profession, Terry never ceases to continue to educate herself in this industry as well as help continue to educate her peers. Terry’s superb services with a team effort create balance, resulting in a “Win-Win” situation. Terry’s focus is one of developing relationships with people-not selling real estate!

A photograph of Terry Wunderlich is attached.
